Electricity Sales Are Showing Growth

For the first time the average annual kilowatt-hour use per residential customer crossed the 5,000 mark in Commonwealth Edison Company's southern division.

Byron Lee, vice president of the division, said the record was reached at the end of April. Since 1957 the amount of electricity used by residential customers has

increased by almost 60 per cent - from about 3,200 to over 5,000 kilowatt-hours a year. Southern is one of eight divisions that make up the company's 14,000 square mile service area. The 3,900 square mile division extends south and west from Chicago and the Indiana state line to Pontiac including the area beyond Kankakee and

Streator.

Commenting on the sharp increase in electrical demand, Lee said the "price per kilowatt-hour for residential customers has declined despite generally rising prices for other goods and services." The average kilowatt-hour cost in Edison's area has dropped from 2.89 cents in 1957 to 2.62 cents this year.

Lee attributed the climb in electricity sales to a combination of new business, a favorable price trend and heavier reliance on air conditioning and modern electrical appliances.

"The 1967 housewife has

an array of about 180 electric appliances and gadgets to help her around the home. These include everything from a self-cleaning oven to a built-in central vacuuming system," Lee said.

Booming sales of air conditioning units remain a major factor in Edison's growing electrical load. Since 1960 over 660,000 window air conditioners have been sold in the nation. Central air conditioning units are also experiencing brisk sales.

Lee said that in Edison's southern division room air conditioning is being install-

ed in about 20 per cent of all new homes and about 70 per cent of new apartment units.

The switch to electric heat has also been a boon to sales. The division currently has about 5,400 electrically heated dwelling units either completed or under construction including 1,100

added last year.

Because the division encompasses some of the fastest growing communities in Illinois, Lee expects strong kilowatt-hour gains to continue. At the present rate of growth, residential customers in the division will be using about 6,000 kilowatt-hours a year by 1970.

MRS. DOLORES ANDERSON
Telephone: 485-2365

The New Lenox Volunteer Fire Department members and their wives enjoyed a Banquet dinner and dance last Thursday night at the Bruns Banquet Room. Dancing after the 7 p.m. dinner was to the music of a combo from Joliet.

Paul Becker, Fire Instructor from the University of Illinois was the guest speaker at the Banquet. He had just completed instructing a five week course in fire fighting at the local

department here. President, Kenny Hossack, presented certificates for the University of Illinois Extension course, "Firemanship Training Course No. 1" to the men who had completed the course. Five men from visiting departments also joined the group to receive their certificates.

Firemen completing the course were: Chief Ed Falk, Gene Krohn, Dale Anderson, Dale Krohn, Clarence Leonard, Glen Krohn, Wally Faulk, Robert Klausung, Harold Hoyt, Jim Bagby, Joe Hart, Bob Snider, Chuck Ellis, Garry Baughn, David Novak, Paul Burkhardt, James Smithson, and Kenny Hossack of New Lenox department; also, Ronald Johnson, Ronald Guendling and Stan Williams of the Mokena department; and Russell Hartley and Robert Pike of East Joliet department.

The name of Jane Krohn, daughter of Mr. and Mrs. Gene Krohn, 509 South Cedar

road was inadvertently left out of the list of 141 8th grade graduates of New Lenox Grade School. Sorry, Jane, that's an awful thing to do to a girl graduate, who also received a scholastic award.

Bible school at the church from June 19 - 30. Sessions will be held each morning from 9 a.m. to 11:30 a.m. Activities are graded for children ages 4 through 12. There will be stories, handwork, games, songs and some experiences out of doors at the campgrounds.

Registration is \$1 per child, or \$2 per family. Registrations are asked to be in early so that materials can be ordered. Mrs. Donald Weber and Mrs. Carl Batson are co-directors of the school.

Joint installation of the VFW Post 9545 and the Auxiliary to the Post will be held Saturday night, June 10 at 8 p.m. at the Post home, 323 Old Hickory Road. Installing officer for the Post will be the newly elected Will County Council Commander Joseph Serena from South Wilmington, and Commander Elect, Jack Shonkwiler. Installing officer for the Auxiliary will be Adonia Mietsner, post president of the Harry Anderson Auxiliary and the president elect Alice Fraser. The public is invited to attend this open meeting.

Village Clean-up day for New Lenox will be on Saturday, June 10, when the M. and M. Disposal trucks will pick up articles, such as old gas stoves, refrigerators, bed springs, mattresses, brush, only if tied in bundles not longer than 5 feet. They will not pick up broken concrete or logs or timber.

A Story Hour for pre-school children will be held each Wednesday from 1 to 2 p.m. beginning on Wednesday, June 14, at the New Lenox Library, on Church street.

Three hundred books have been borrowed from the State Library for the Busy Bee Summer Reading program which is now in progress. Children may enroll at any time.

Adult readers will find many Western, Mystery, and Science Fiction stories.

Mrs. Leonard Warning entertained at a bridal shower for Miss Marla Temme of Grant Park in her home here on Sunday. Dessert-coffee was served from a table decorated with white lilacs and pink carnations. After the guests enjoyed games, duplicate prizes were awarded. Miss Temme will marry David Bettenhausen of Peo-

tone at Grant Park on July 8.

Henry T. Davis (Toby) will go to Turkey, to spend the months of Aug. and Sept. with a class mate of his from Purdue University, Major Kadir Samuck of the Turkish airforce. He will then resume his studies at the University of Illinois in Chicago.

Jon Davis visited here last week with his parents, Mr. and Mrs. O.C. Davis, from his studies at Michigan State University. He will leave June 9 with his parents and a classmate of his at school, for Quebec, where they will visit EXPO 67. They will visit in Connecticut, New Jersey, and New York, with friends and relatives enroute home.

A survey has been conducted in all of the New Lenox schools to see how many girls from 1st to 8th grade are interested in girl Scouting. Many girls were interested, and Brownie, Junior and Cadette troops are being organized, and will start in September.

Each troop organized needs two leaders and several committee mothers to help part time with telephoning, transportation, baking and working on badges.

Any girl or mother who is interested but were missed can contact the Organizer, Mrs. Arthur Reckemer, 485-8249.

Church Services in the Methodist church will change to the summer schedule on Sunday June 11, with both Sunday school and the regular church service being held at 9:30 a.m., all through June, July and August.

Children Give Play-Ground Facelifting

JAMES PEYTON
Telephone: 532-1516

The Tinley Gardens playground got a tremendous facelifting job this past weekend and most of the work was done by the children. The men furnished the equipment and a little time and the kids did the rest. John Evans brought his riding mower over and his boy Jerry and Jim Hubbard cut the entire playground and then Leonard

Bushen brought in a tractor with a disc on the rear and he and Daryl Gunn and Julius Sandy disced and dragged the baseball field and the kids all got rakes and hand raked the entire playing area. The job that was done was the best and quickest that I have seen in many a day and quite possibly the most co-operation that has been witnessed here in a long time. Even the girls helped. God Bless them all for helping to make our community just a little bit better.

The new duo that will raise the flag for the month of June will be Barbara Ott and Linda Henschel and both being Girl Scouts I am sure that they will do the job in a manner customary with the Girl Scout traditions.

The Tinley Gardens Girls Bowling Teams held their banquet Friday June 2nd with dinner at Jardines Restaurant and then a show at Drury Lane. The trophy's were passed out at Jardines right after dinner and then after the show they went to The Martinique Restaurant for coffee and all agreed that it was a real entertaining night.

The Summit Hill School picnic was held Saturday

June 3rd at the Mokena Park. Quite a few from Tinley Gardens attended and from all reports it was a huge success. Our Mr. Julius Sandy was in charge of the games and I guess some of the games were real genuine fun.

I would like to thank the people that are cutting the grass at the house or lot next door in an effort to cut down on the weeds etc. There are quite a few doing this job and in some instances it is a real job as the lots are not as free of debris as they should be. If anybody wishes to cut a vacant lot please notify me and I will get some help to clean up the lot before you start cutting so that you won't tear up your mower.

I would like to welcome our new neighbors into the community thru this medium of introduction as it will help us tremendously at this time until we can send a welcoming Committee around to welcome them the proper way. I will appreciate meeting all of you people and hope that you will reciprocate. We will all help in any matter that is in our realm of knowledge to help with and I am sure that I speak for the entire community.

mendations of the executive board and approved the addendum to SCCEDC's federal Title III operational grant proposal as negotiated; a contract to Olmsted as SCCEDC executive director for the 1967-68 year at a salary to be determined at a later date; and authorized the obligation of \$2,500 in local funds for the Regional Cooperative Title II library project for the 1966-67 fiscal year.

Comw. Edison Gets Award For "Arts" Adds

Commonwealth Edison Company is one of 20 American companies named as winners of Esquire magazine's first annual "Business in the Arts" competition.

The electric company was cited for sponsoring a series of prime-time television programs on Chicago area cultural activities.

Arnold Gingrich, Esquire publisher, announced the awards on June 1. The Business in Arts awards were started, he said, to give recognition to companies which have been instrumental in expanding the cultural horizons of their communities and also to stimulate greater business support of the arts.

Letters FROM THE Hirsch's

Dear Friends,

Acquiring good habits is as easy as acquiring bad ones.

A good habit is that of going to church regularly.

There's a new meaning to life when we associate with folks who try to better their own lives and try to help others too.

Sincerely,

Spring cleanup. Buy a new electric range and get the wiring free.

(If you buy one with a self-cleaning oven you'll really clean up.)

Cut out for your appliance store. Take me to your dealer. (He'll get the picture.)

FREE INSTALLATION OFFER. Now you can install a new electric range and get the wiring free. This offer applies, for a limited time only, to a standard wiring installation for a new electric range in any single-family dwelling or, for all new electric ranges in a two or three-apartment building served by Commonwealth Edison.

SATISFACTION GUARANTEED. If within 60 days you are not completely satisfied with your new electric range, Commonwealth Edison guarantees full refund of your purchase price. See your dealer for details.

It's a hard deal to beat.

You buy a new electric range—the necessary wiring will be installed free.

This offer can save you over \$100. (And you can add other heavy-duty appliances later.)

Make your new range one with a self-cleaning oven (if you want) and save even more. Because the new self-cleaning oven does a better job with about 8¢-worth of electricity than you could with a whole can of oven cleaner. Not to mention the savings in time and scrubbing.

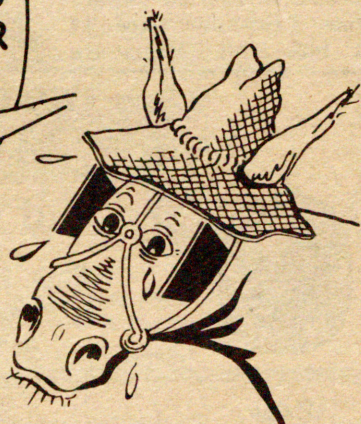

So if you like saving money, see the modern electric ranges at your dealer's now. And take a particular look at the self-cleaning oven.

Time to go new places, have new things. Time to get your home as bright and shiny as the season itself ... And, it's time to make sure you have the extra cash it takes to do the things you've been planning by putting Graphic Classified Ads to work for you. It's so easy, inexpensive and profitable to use Classified Ads. Here's all you do ...

Go through your home today - - outside and in. Make a list of all the worthwhile things you find that you aren't using any more. Things like porch and yard furniture, tools, appliances, golf clubs, tennis racquets, good - but outgrown clothing and toys, musical instruments, rugs, drapes ... You'll be surprised at how many things you turn up once you really start looking for them.

After you have your list, just phone any time between 9 a.m. and 5 p.m. for a friendly Ad Writer. She'll help you word your ad to bring fastest results. It costs so little to reach your cash buyers.

Decide today to fill this wonderful, lighthearted season with the "extras" that mean a brighter, happier time for you and your family. Let fast-action Graphic Classified Ads help you get set to really enjoy Summer.

\$1639⁰⁰

What's the catch?
There isn't any.
\$1639 is the suggested retail price at the port of entry for the VW Sedan.
The price includes federal excise tax and import duty.
It includes the built-in heater/defroster, windshield washer, electric windshield wipers and dual padded sun visors.
It's the price of the real thing; not a stripped-down economy model.
What else do you have to pay?
The charge for transporting the car from the port of entry. The dealer delivery charge.
And local sales tax.
There is one optional that makes a lot of sense: the matching leatherette upholstery, for \$30.00 extra. Nearly everyone orders it because it eliminates the need for slip covers. And that's it.
(Unless, of course, you count the cost of gas and oil it takes you to get here in your present car.)

Now at our new location . . .
